

SGO 17th Annual Winter Meeting: New Paradigms in Gynecologic Oncology
February 9-11, 2012
Resort at Squaw Creek, Olympic Valley, CA

Course Description: The 17th Annual Winter Meeting will be held in beautiful Squaw Valley, CA. This year's program includes discussions on innovative approaches to early and locally advanced cervical cancer as well as utilizing molecular findings to develop individualized medicine in gynecologic cancer. Leaders in Robotic Surgery will discuss upper abdominal cytoreduction and fluorescence imaging via the robot to identify sentinel nodes. A session will also be devoted to Practice Management where Health Care Reform, the Cost Effectiveness of Bevacizumab, and the medico legal aspects of Robotic surgery will be discussed. The meeting also includes an interactive Tumor Board covering a wide variety of clinical situations.

Target Audience: Gynecologic Oncologists, Radiation Oncologists, Medical Oncologists, Ob/Gyn's and Allied Health Care professionals involved in the care of patients who have gynecologic Cancers.

THURSDAY, FEBRUARY 9, 2012

TIME	SESSION/PRESENTATION TITLE
-------------	-----------------------------------

6:30am	Continental Breakfast
---------------	------------------------------

Session I Objectives:

1. To review the use of conservative surgery and fertility sparing procedures for women with early stage cervical cancer
2. To provide an update of the existing literature and ongoing trails regarding surgical staging for locally advanced cervical cancer
3. To discuss the advantages and disadvantages of the use of IMRT for locally advanced cervical cancer
4. To review current treatment options for metastatic and recurrent cervical cancer.

7:00am - 10:00am Session I: Cervical Cancer, Moderator: Kathleen Schmeler, MD, MD Anderson Cancer Center, Houston, Texas

7:00 am - 7:10 am	Welcome and Opening Announcements; Winter Meeting Course Directors: John Brown, MD, and William Peters, III, MD
7:10 am - 7:35 am	Conservative Surgery for Early Stage Cervical Cancer, Moderator: Kathleen Schmeler, MD, MD Anderson Cancer Center, Houston, Texas
7:35 am - 7:45 am	Question & Answer
7:45 am - 8:10 am	Surgical Staging for Locally Advanced Cervical Cancer, Michael Frumovitz, MD, MD Anderson Cancer Center, Houston, TX
8:10 am - 8:20 am	Question and Answer

- 8:20 am - 8:45 am Advantages and Disadvantages of IMRT for Locally Advanced Cervical Cancer, Anuja Jhnigran, MD, *MD Anderson Cancer Center, Houston, TX*
- 8:45 am - 8:55 am Question and Answer
- 8:55 am - 9:20 am Coffee Break - View Fellow and Resident Posters**
- 9:20 am - 9:45 am Chemotherapy/Biologics for metastatic/recurrent cervical cancer, Brad Monk, MD, FACS, FACOG, *Creighton University School of Medicine, Phoenix, AZ*
- 9:45 am - 9:55 am Question and Answer or Panel Discussion
- 9:55 am - 10:00 am Poster Presentation 1
- 10:00 am - 3:45 pm OPEN**
- 3:45 pm - 4:00 pm Break & View Posters**
- 4:00 pm - 6:55 pm Session II: Robotic Surgery, Moderator: Dan Veljovich, MD, *Pacific Gynecology, Seattle, WA***
- 4:00 pm - 4:10 pm Introduction of Session II: Dan Veljovich, MD
- 4:10 pm - 4:30 pm Upper Abdomen including Liver, Omentum, and the Diaphragm, Javier Magrina, MD, *Mayo Clinic, Phoenix, AZ*
- 4:30 pm - 4:40 pm Question and Answer
- 4:40 pm - 5:05 pm Florescence Imaging via the Robot to Identify Sentinel Nodes, Robert Holloway, MD, *Florida Hospital Cancer Institute, Orlando, FL*
- 5:05 pm - 5:15 pm Question and Answer
- 5:15 pm - 5:45 pm Break & View Posters**
- 5:45 pm - 6:55 pm Pari-Aortic/ Infra-Renal Lymph Node Dissection: Two Surgeons' Approaches, Robert Holloway, MD and Javier Magrina, MD
- 5:45 pm - 6:15 pm I. Javier Magrina, MD
- 6:15 pm - 6:45 pm II. Robert Holloway, MD
- 6:45 pm - 6:55 pm Question and Answer
- 6:55 pm - 7:00pm Poster Presentation**

FRIDAY, FEBRUARY 10, 2012

TIME	SESSION/PRESENTATION TITLE
6:30am	Continental Breakfast
Session III Objectives:	
1. Understand the current path forward toward individualized medicine in gynecologic cancer	
2. Obtain an update on the latest molecular findings affecting responses to targeted therapy	
3. Learn how current research will impact future molecular medicine for women	
7:00 am - 9:55 am	Session III: Translational Science, Moderator: Douglas Levine, MD, Memorial Sloan-Kettering Cancer Center, New York, NY
7:00 am - 7:10 am	Opening Announcements; Winter Meeting Course Directors: John Brown, MD, and William Peters, III, MD
7:10 am - 7:35 am	What Genomics Can Do for You, Douglas Levine, MD, <i>Memorial Sloan-Kettering Cancer Center, New York, NY</i>
7:35 am - 7:45 am	Question & Answer
7:45 am - 8:10 am	Glycomics and Ovarian Cancer Biomarkers, Gary Leiserowitz, MD, <i>UC Davis School of Medicine, Sacramento, CA</i>
8:10 am - 8:20 am	Question & Answer
8:20 am - 8:45 am	Molecular Sub classification of Ovarian Cancer: On the road to Individualized Therapy, Boris J.N. Winterhoff, MD, <i>Mayo Clinic, Rochester, MN</i>
8:45 am - 8:55 am	Question & Answer
8:55 am - 9:20 am	Break and View Posters
9:20 am - 9:45 am	Individualized Therapy for BRCA Mutation Carriers - Are Parp Inhibitors the Answer?, Barbara Norquist, MD, <i>University of Washington School of Medicine, Seattle, WA</i>
9:45 am - 9:55 am	Question & Answer
9:55am - 10:00am	Poster Presentation 3
10:00am - 3:45pm	OPEN
3:45pm - 4:00pm	Break & View Posters
4:00pm - 6:55pm	Session IV: Tumor Board, Robert Coleman, MD and Wendel Naumann, MD
5:30pm - 6:00pm	Break & View Posters
6:55pm - 7:00pm	Poster Presentation 4
7:00 pm – 8:00 pm	Exhibitor Reception and View Posters

SATURDAY, FEBRUARY 11, 2012

TIME	SESSION/PRESENTATION TITLE
6:30am	Continental Breakfast
7:00 am - 7:05 am	Opening Announcements; Winter Meeting Course Directors: John Brown, MD, and William Peters, III, MD
7:05am - 7:10am	Poster Presentation 5

Session V Objectives:

1. At the completion of this session, the participant will better understand the implications of Health Care Reform on their practice.
2. The participant will be able to describe the Medico-Legal Issues pertaining to Robotic Surgery after attending this session.
3. After participating in this session, the participant will be able to assess the value of a gynecologic oncologist.
4. The participant will understand the incremental cost-effectiveness ratio of bevacizumab in the treatment of epithelial ovarian cancer after attending this session.

7:10am - 10:00am Session V: Economic and Practice Management Issues in Gynecologic Oncology, John Brown, MD, *Gynecologic Oncology Associates/Hoag Hospital Cancer Center, Newport Beach, CA*

7:10 am - 7:20 am	Introduction of Session V: John Brown, MD
7:20 am - 7:45 am	Incorporating the Cost of Targeted Therapy into Practice, David Cohn, MD, <i>The Ohio State University, Columbus, OH</i>
7:45 am - 7:55 am	Question & Answer
7:55 am - 8:20 am	How to Assess the Value of a Gynecologic Oncologist, John Curtin, MD, <i>New York University Cancer Center, New York, NY</i>
8:20 am - 8:30 am	Question & Answer

8:30 am - 9:50 am Break & View Posters

8:50 am - 9:15 am	Medical-Legal Issues in Robotic Surgery, Gary Leiserowitz, MD, <i>UC Davis School of Medicine, Sacramento, CA</i>
9:15 am - 9:25 am	Question & Answer
9:25 am - 9:50 am	Practice Implications of the SGO Pathways To Progress Research Summit Report, Monique Spillman, MD, PhD, <i>University of Colorado, Aurora, CO</i>
9:50 am - 10:00 am	Question & Answer

10:00 am Course Concludes
