To add additional session to your registration:

- 1. Please Login to your account.
- 2. Go to the "My Events" page. (right side of the screen)

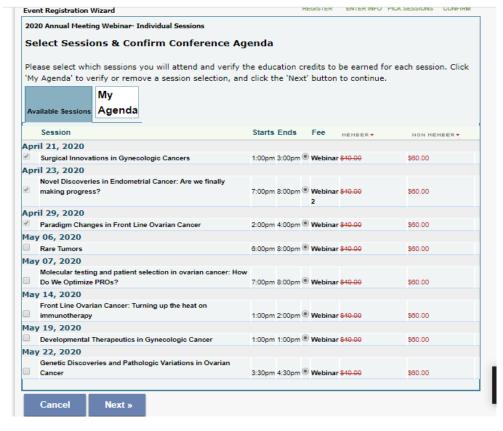

3. Click the "Add Session(s)" hyperlink to the right of the Event.

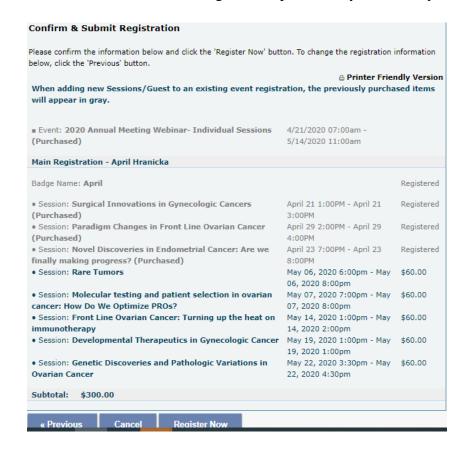

4. The Event Registration Wizard will appear with the Available Sessions tab selected.

*Only Sessions that have not been previously selected or do not conflict with previously (or currently) selected Sessions may be selected. In this sample image, only the Five Sessions are available for addition to this registration.

5. Once you click the checkbox of the new Session to add, click the "Next" button at the bottom of the screen to continue with the registration process as you normally would.

*Note that when you reach the Confirm & Submit Registration window, the new Session appears in black while the original Session registrations appear in gray.

A "registered" notation also appears beside each one. This can be seen in the image below.

- 6. Clicking the Register Now button will successfully add the new Session to the registration.
- 7. Verify the items in your cart, once verified please click "CHECK OUT" (bottom right of screen).
